PRICES 2022

It is up to clients to inform the services of Valence airport of any changes made to their fleet: purchases, sales, rentals, leasing, changes in aircraft characteristics, etc., or risk being charged the services, depending on the manufacturer's characteristics and the information available to the airport operator at the time of the service's intervention.

Prices are shown in Euros and are understood to be tax-free. The masses are shown in metric tons.

These prices apply from 01/01/2022 until 31/12/2022.

Aeronautical fees are reassessed on 1st January of each year.

VALUE ADDED TAX:

General principal

The V.A.T. on airport services (landing, marking, parking, passengers and fuel) is calculated based on the applicable rate on the day of the service. As of 1st January 2017, the rate was 20%.

Categories	Regime
Licenced French transport airlines undertaking less than 80% of international traffic	Subject to tax
Licenced French transport airlines ¹ undertaking 80% or more of international traffic	Exempt
Foreign licensed transport airlines	Exempt
Private aviation, business and air work companies	Subject to tax
French and foreign military aircrafts, State, French and foreign aircrafts	Subject to tax

Remarks

To qualify for the exemption, French airlines are required to provide the operations department with an official certificate valid for the current year, certifying that their international traffic account for at least 80% of services they operate.

Any airline not subject to VAT is asked to present its certificates to the operations department.

Failing to present this official certificate, the airport will apply the VAT. at the current rate.

Valence – Chabeuil airport

In this case, no regularization on invoices already issued can be made and the exemption from VAT. will not be effective until the date of receipt of the certificate.

In the case of chartered aircraft or flights carried out on behalf of another airline, the application of the T.V.A. is based on the regime to which the company is subject and to which the airport services are charged.

Grounded:

An unpaid invoice results in the implementation of the procedure under Article R224-4 al. 2 of the Civil Aviation Code.

Article R.224-4:

Charges are due for payment for the use of any facilities; buildings and tools.

In the event of non-payment of the fees owed by the aircraft operator, the operator of the aerodrome is allowed to request the air traffic authority at the airfield, that the aircraft be detained there until the disputed amount is deposited.

Aeronautical fees:

Aeronautical charges are payable in cash to the joint union operating before take off.

Valence – Chabeuil airport

Landing fees:

The landing fee is due for any aircraft that makes a landing (touch and go included) on an airfield open to public air traffic.

The fee is based on the MTOW on the certificate and rounded to the upper ton.
